

## Appendix M

### Makerspace Price Guide

#### 3D Printer Filament:

- First print free
- Each subsequent print \$0.10/gram

Glowforge Material (limited quantities of material are available):

A full sheet of Glowforge material is approximately 30.5cm x 50.8cm (12in x 20in).

**Prices will be calculated by taking the cost of a full sheet of material and dividing it by the approximate amount of material used.**

- First print free
- Each subsequent print:
  - \$2.50 flat rate (staff time and material shipping) PLUS the cost of materials:
    - 30.5cm x 50.8cm Plywood or MDF: \$10.00
